YOUR GUIDE TO THE

DIGITAL DEFENDERS

TAKE CONTROL OF YOUR STUFF ONLINE!
Our main motivation:

- produce something that did not exist yet
- empower kids & young people instead of terrifying them
- help kids (& everyone) make safer and more informed choices about what to share and how to share online
The booklet was first published in October 2016

https://edri.org/papers

- intended for young people between 10-14 years old, but it’s open for all

- Downloaded more than 22,000 times in only 6 weeks

- Available in 8 languages so far

- In EDRi we didn’t do it alone
• Digital defenders were created by comic artist Gregor Sedlag.

• International project with contributions by EDRi’s network...

  Bits of Freedom, Open Rights Group, Chaos Computer Club, Digitale Gesellschaft, ApTI Romania...

  ...Gloria Gonzalez Fuster, VUB, Hans Martens, Better Internet for Kids, EUN Partnership AISBL
The booklet is now available in other languages...

- Serbian, German, Greek, Italian, Turkish, Spanish (Europe), Spanish (Latin America), French

and many more under way...

Polish, Dutch, Romanian, Portuguese Czech, among others!

- Thanks to many NGOs & volunteers
 Chapters on...

- what the **internet** is
- what **privacy** actually is,
- how to **protect** yourself online including:
  - **safer** internet surfing & safer messaging systems
  - smartphone **security**
  - password security
  - Safer sharing
- **tips, tools & examples** that can help you
Digital Defenders v Data Intruders

In the parallel universe of the booklet, a team of superheroes (the Digital Defenders) fights a group of villains (the Intruders).
