IGF 2020 Best Practice Forum

Data and New Technologies in an Internet context

Virtual meeting III

Friday 8 May

15:00 UTC

Agenda

1. Welcome & introduction
2. BPF work plan update
3. Questions for which to seek Best Practice answers
4. AoB & next steps

*Disclaimer: This slide deck is intended to structure the virtual meeting and spark discussion.
It is not a meeting summary, nor does it reflect views expressed by BPF participants.*

1. Welcome & introduction

2. BPF Data and New Technologies - work plan update

BPF's focus:

How is users' data is collected, analyzed and used, and what are best practices to ensure that it is used to bring benefit and not to harm users.

Workplan :

Current phase: identify the issues, questions and concerns for which the BPF wants to collect best practices.

Next phase: collect case studies to derive best practices

Ongoing work: identify relevant stakeholders and stakeholder dialogues

3. Questions for which to seek Best Practice answers

Working definitions BPF – for discussion

How should the BPF define data governance & best practices ?

Are there alternative, more suitable concepts ?

Data governance: the set of rules and procedures to collect, store, process and share data

Best Practice: a practice that helps to ensure that data is used to bring benefit and not to harm users.

3. Questions for which to seek Best Practice answers

Data collection

- x what type of data is collected / is collected data anonymized ? aggregated ?
- x what is the legal basis used for the data collection?

Data storage

- x how / where is data stored? (e.g. centralised or decentralised?)
- x how long is data kept ?

Data labelling & unlocking the value from data

- x what purpose is the data serving ? is this useful? necessary?
- x how is the quality of the data assured? How is bias avoided?

Data sharing

- x how can data be shared in order to create value for all parties?
- x different models of data sharing
- x who is benefiting from the data sharing ?
- x is the data producer getting any benefit from its data?
- x can data be re-used (for similar or different purposes?)
- x to what extent is data shared with government and 3rd parties?

4. AoB & Next Steps

- Next steps ?
- Next call ? Friday 29 May, 15:00 UTC
