Ecuador IGF	<p>We speak IG: This is an issue about the need to develop material in several languages and from different perspectives to ensure most of participants understand and are able to participate on a similar base. We even ask for a booth in the IGF named HABLAMOS ESPAÑOL for the first phase of this project for Spanish speaking community. This theme is not only related to language but to culture, local contents and building capacity.</p>	<p><b>IG Ecosystem and Developments</b>  <i>[to ask Carlos: regional cooperation? IGF to recognize the culture, language etc.]</i></p>
Estonia IGF		
Finland IGF	<p><b>2017 Agenda: Opening the Opportunity and Reviewing Response Information, Sharing Economy and Initiative for Work and Radical Technologies, Internet and post-truth time, Reality check: How to balance the disadvantages and benefits of anonymity networks?, Changes in internet management</b></p>	<p><b>IG Ecosystem and Developments</b>      <b>New Emerging Technologies</b></p>

**NRIs on IGF2016 outputs**

- It is worth sharing with the global IGF, further actions and discussions by NRIs, on outputs of the global IGF 2016
- In addition to specific contents, share how NRIs bring back global discussions and develop discussions in the local context
- This would be a cycle of bringing NRIs discussions/outputs back to the global IGF Specific experiences/examples to be shared by NRIs

**Topic2:**  
**NRIs' contribution to Internet Governance discussions and Coordination with existing local fora as an effective local discussions platform**

- Introducing NRI contributions to the Internet Governance discussions, in the ecosystem surrounding NRIs in their respective communities, possibly with case studies

- Coordination with global discussions/local awareness raising
