Data and New Technologies in an Internet context

Virtual meeting III
Friday 8 May
15:00 UTC
BPF Data & New Technologies

Meeting III

Agenda

1. Welcome & introduction
2. BPF work plan update
3. Questions for which to seek Best Practice answers
4. AoB & next steps

Disclaimer: This slide deck is intended to structure the virtual meeting and spark discussion. It is not a meeting summary, nor does it reflect views expressed by BPF participants.
1. Welcome & introduction

2. BPF Data and New Technologies - work plan update

*BPF’s focus:*

How is users’ data is collected, analyzed and used, and what are best practices to ensure that it is used to bring benefit and not to harm users.

**Workplan:**

**Current phase:** identify the issues, questions and concerns for which the BPF wants to collect best practices.

**Next phase:** collect case studies to derive best practices

**Ongoing work:** identify relevant stakeholders and stakeholder dialogues
3. Questions for which to seek Best Practice answers

Working definitions BPF – for discussion

*How should the BPF define data governance & best practices?*

*Are there alternative, more suitable concepts?*

*Data governance:* the set of rules and procedures to collect, store, process and share data

*Best Practice:* a practice that helps to ensure that data is used to bring benefit and not to harm users.
3. Questions for which to seek Best Practice answers

Data collection

- what type of data is collected / is collected data anonymized? aggregated?
- what is the legal basis used for the data collection?

Data storage

- how / where is data stored? (e.g. centralised or decentralised?)
- how long is data kept?

Data labelling & unlocking the value from data

- what purpose is the data serving? is this useful? necessary?
- how is the quality of the data assured? How is bias avoided?

Data sharing

- how can data be shared in order to create value for all parties?
- different models of data sharing
- who is benefiting from the data sharing?
- is the data producer getting any benefit from its data?
- can data be re-used (for similar or different purposes?)
- to what extent is data shared with government and 3rd parities?
4. AoB & Next Steps

- Next steps?
- Next call? Friday 29 May, 15:00 UTC
