
Dynamic Coalition on Internet of Things

1. SDG to which your DC work is most strongly related to

- GOAL 2: Zero Hunger
- GOAL 3: Good Health and Well-being
- GOAL 6: Clean Water and Sanitation
- GOAL 7: Affordable and Clean Energy
- GOAL 11: Sustainable Cities and Communities
- GOAL 13: Climate Action

2. Outline achievements of your DC in regard to that SDG

Increased application of IoT devices in agriculture, security, safety, environmental monitoring, optimizing use of city and community infrastructures through monitoring and action (e.g. traffic signals, alerts, etc.)

3. Outline plans towards 2025 and that specific SDG

Further ensurance of responsible development and implementation of IoT throughout societal applciations (secure enough, private by design, available and affordable, capacity building in the regions, etc.)

4. List Policy Question related to the work of your DC and in regard to the specific SDG

How can we ensure IoT devices are deployed in safe ways, also by those that cannot be expected to have the knowledge and/or resources to ensure (complex) security measures? What needs to happen to ensure that IoT devices are not abused to invade privacy and safety of people?
